

Potowmack Crossing II

1800 W Abingdon Drive, Alexandria VA 22314

November 22, 2019

To whom it may concern,

Owners of a condo in the Potowmack Crossing II condo association have proposed to remove and replace the windows in their unit with windows of the following specifications:

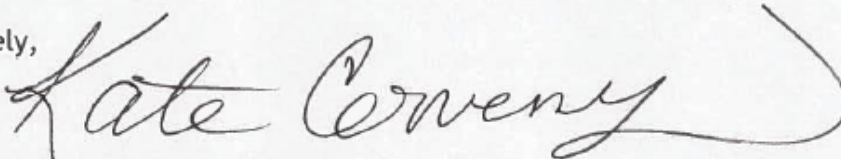

- The Marvin Infinity fiberglass windows with simulated divided lites and stone white color to match the style, grid pattern, and color of the original windows.

This is the same window installed this year in all of the units in our sister community, Potowmack Crossing I (PCI). PCI was built at the same time as our community and is located next door to our association, Potowmack Crossing II.

We, the Board of Directors of Potowmack Crossing II's condo association, approve of this project.

Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Kate Cerveny". The signature is written in black ink and is positioned above the typed name.

Kate Cerveny (PC II Board President)
